

# UNMATCHED RELIABILITY AND EFFICIENCY.

## Super II ECO VS 1hp

Variable Speed Pump

Delivering the ultimate in energy efficiency whilst remaining whisper quiet.

 **HAYWARD**  
We Build Better.™

# Super II ECO VS

## Variable Speed Pump

**SUPER SILENT  
OPERATION.**

- **Fully variable speed motor** allows the pump to adjust its output to suit demand, saving energy and wear on pool equipment.
- **Whisper quiet operation** allows users to enjoy their pool time in peace.
- Utilises highly regarded Hayward Super II Wet End for reliable and efficient operation in a compact footprint.
- **User friendly programming** makes set up simple.

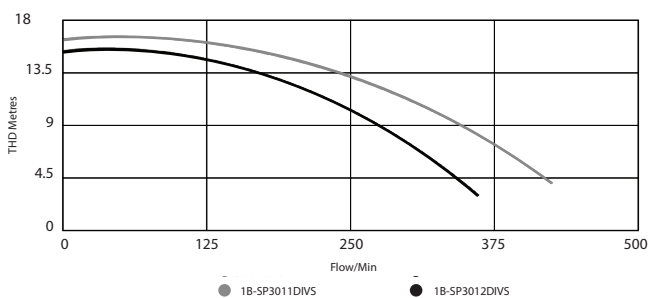

**\*2 years + 1 year** if purchased from a Totally Hayward Partner.

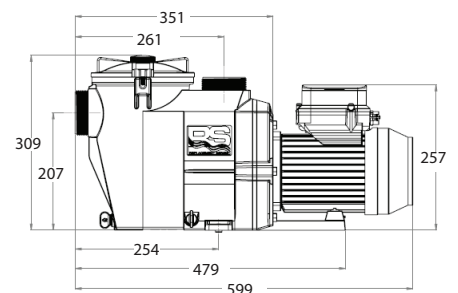

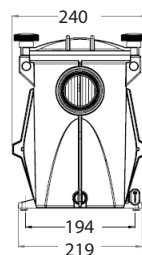

**The Super II ECO VS** is part of our Green Future range.
